CLUB RIDES

The club has regular rides on Saturday mornings. These are informal rides with everyone welcome, but please have mudguards fitted on your bike for winter and wet rides. Destination and pace is dependent on who turns up and the wind direction, however they are social rather than race training rides. Each group will have a ride leader who will decide on the route and pace. We sometimes split up into two or more groups if there are sufficient numbers, with each group taking a different route, sometimes a shorter or easier ride to the coffee stop. Distance is around 50 ml finishing at approximately 1300hrs.

During summer months there are some optional extended distance rides. For these all riders meet at the coffee stop, from where those wishing to do a shorter ride will head back to the start and those opting for a longer ride split off to return to the start mid to late afternoon.

Please check the website/social media for further information and up to date amendments to all club rides.

OXONIAN CYCLING CLUB RIDES - CODE OF CONDUCT

Each rider is responsible for their own safety. Your bike will need to be in a good and safe roadworthy condition. Please carry a spare tube, a pump and some basic tools. A working rear light is advisable during winter months. Don't rely on others.

In winter months, mudguards to be fitted to avoid mud in wet conditions being splashed on to the rider behind. Please be courteous to other road users even if they aren't to you. You are representing the club.

Riders shall ride no more than 2 abreast and shall single out if possible where it will help overtaking traffic, and agree to ride within the group. Communication in a group is always important, so please help others and point out, shout out obstacles, potholes, cars etc. If you are at the front of the group and pull out of a junction please be aware that others might be still waiting.

The club run is not a race and the group will normally stick together, but still feel free to sprint for the odd sign post etc.

Club members should note that individual membership of BRITISH CYCLING or the Cycling UK gives 3rd Party cover at all times while riding a bicycle.

IMPORTANT DISCLAIMER

You agree to take part in the club's activities entirely at your own risk and without any liability whatever on the part of Oxonian Cycling Club, its officials or members, in respect of loss, injury or damage suffered, however caused.

CYCLOCROSS

Cyclocross is a form of off-road racing done on laps of a parkland circuit that usually includes a mixture of terrain and obstacles, both artificial and natural. Cyclocross racing is very accessible, and local events can be ridden on any bike with no previous experience. Cyclocross is open to all ages, with categories ranging from under 8s through to over 70s.

The traditional cyclocross season runs from September to January, but there are also local series that run on weekday evenings in the summer.

Oxonian is affiliated to Wessex Cyclocross and organises a round of this league in early November. Club members also race in some Western CX and Central CX league events, as well as the Banjo Cycles (Newbury) and Take 3 Tri (Abingdon) summer series.

We believe that cyclocross is a great way to introduce riders of all ages to the sport of cycling. The races are open to all, from the more serious rider down to the inexperienced novice, who will always find someone of a similar level to ride against, even if you are several laps down! You can ride on any bike and no previous experience is required to join in the fun, although a MTB or 'cross bike with knobbly tyres is best. Junior races are organised in age groups with many prize awards. Why not turn up and give it a try? For more information about cyclocross see our website.

ROAD RACING

Club members compete in the local Oxfordshire Road Race league (ORRL), other British Cycling races, and a number of older members compete in events promoted by the League of Veteran Racing Cyclists (LVRC). The club has a Road Race Championship Trophy that is awarded to the rider accruing the most RR points during a season. If you want to have a go at your first road race or want to get back into the swing of things then contact us and we will direct you to our active racers.

MOUNTAIN BIKING

We are developing our MTB activities during this year, with coaching and regular MTB rides planned for this year. See website and social media for announcements.

CLUB KIT

This is available from Steve Smith 01865 436251 steve.smith@oxoniancc.co.uk

We are in the process of changing our kit supplier to Pro Vision. We are not changing the overall design of the kit. Pro Vision offer the same range and quality of kit as Endura and are competitive with their pricing. We intend to make two versions of kit available to members; a 'standard' kit suitable for social riders and a 'technical' kit suitable for those members who race or who are lucky enough to fit into race style kit! Men and women's kit will be available. Pro Vision will allow one-off orders and this will benefit the club by us not having to hold stock for long periods of time.

We still have a full range of Endura children's kit from age 5 up to age 12.

NOTES
